THE 3d DOCTOR SAVED HIM

The following letter was unsolicited: Brotherhood Railroad Trainmen, Now or Never Lodge, No. 517, Brooklyn, N. Y., Aug. 11, 1906.

"I feel it my duty to write you of your wonderful Renal Compound for Bright's Disease. It is the most wonderful thing I ever knew of. I had Bright's Disease in a most critical way, and two doctors gave me up as a goner. So my wife called a third. He said the only hope I had was in my medicine. It was good for me at once at 209 Broadway, N. Y. In seven days the dropsy left me and my eyes got so I could see quite plain, and I have been on the improvement since. I am on the eighth bottle and am able to walk around, and feel so much like myself that I expect to go to work next Monday. I am a steam fitter, and so you see I must feel pretty good to be able to handle a train. I shall continue with the Renal Compound till I am sure it has made my wonderful cure permanent. Trusting that all will do as well as I have.

Yours, P. BLISS.

14 Stewart St., Brooklyn, N. Y.

Note that after two doctors had failed with the orthodox treatment, a third doctor prescribed the only thing known that controls Bright's Disease and saved this patient's life. Send for booklet on the curability of Bright's Disease to Jones, Virginia Peachy and Martha Lane, 408 Washington St., San Francisco, or to Owens & Minor Drug Co., Richmond, Va.

When to suspect Bright's Disease: Swelling or loss of weight; puffiness, hands or eyelids; Dropsy; Kidney trouble after the third month; urine may show sediment; falling vision; drowsiness; one or more of these.

Jones, Virginia Peachy and Martha Lane.

WYTHEVILLE

(Special to The Times-Dispatch.)

Everything Must Go!

The Whole of Julius Sycle's Sons' Store is a Maze of Bargains.

The complete change of business demands that all the Dry Goods in the store be sold at once, and to force the sale of the goods at this time of the year an enormous sacrifice is necessary.

The Price Cutting Includes Absolutely Every Piece of Dry Goods.

Richmond shoppers who are not in the habit of buying their yard material in midsummer will make big money by buying now, even if they do not expect to make up the materials until early fall. Opportunities like this occur but seldom. The prices are down to the cost of making. You get two yards for the price of one. Remember, we are changing our whole business. The present stock must give way to the Ready-to-Wear stock, which is beginning to pile up on us. We are compelled to have room.

Look at these prices. They are just an index to the bargains in the store:
